Welcome to Mining World Investments

Mining World Investments is a multi-disciplinary marketing company delivering solutions to the Mining Sector Locally and Internationally. Process Plants, Mobile Plants, Equipment and Project needs from concept to commissioning and have a comprehensive operations and maintenance services experience.

We offer complete solutions in materials handling to optimize mobile plant process solutions from system design to commissioning and ongoing operations. We are able to consistently and efficiently meet the most challenging materials handling needs.

With our 25 years' experience with in the Mining Sector, we have identified a need for a complete project solutions portal that would provide services, solutions and products from industry partners Locally and Internationally. We have created Mining World Investments to provide a service to the Design Consultant Houses and the Mines for all their Project and Product requirements.

We provide this service at no cost to our Marketing Partners; we work in collaboration with our Marketing Partners to offer the best services to the Design Houses and Mining Sector World Wide.

Our Team of energetic staff ensures we offer the best possible services and quality to our Marketing Partners and Clients. We operate twenty four hours, three hundred and sixty five days a year to service our Local and International Clients.

We are growing our Partner network on a daily basis, a short list of Mining World Investments Partners below. A complete list is available on request.
